American Bank
MEMBER FDIC

At American Bank we're committed to being here for our communities. With the COVID-19 pandemic evolving every day, we continue to see the effects of this unprecedented health crisis reverberate not only through our state, but, through our communities as well. American Bank understands that all businesses need the support to help keep their employees working and their doors open. That is why we are trying our best to help everyone in working with all local businesses in our communities. Whether it be by loan payment deferrals/modifications or submitting SBA Payroll Protection Program applications, we are all in this together and at American Bank we're here helping the communities we serve.

I have been overwhelmed by the acts of kindness, support and strength that our team members have taken for their staff, co-workers, customers and non-customers. In times like these we all come together to help each other and at American Bank we feel now is the time to help those essential small businesses in our communities that are open to help them get the word out. Over the course of the next three Sundays we will be sponsoring full page advertising for essential small businesses to help spread the word that they are open for business! I hope you will join us in supporting these small businesses in our communities that American Bank is so proud to be a part of.

We are grateful to be a source of support as we continue to navigate these challenging times together. If we can be of assistance to you our drive ups are open daily Monday - Friday from 8-5; and some are open on Saturdays. You can also make an appointment for any in-branch transaction that needs to be completed. Please visit our website at www.ambnk.com for our current hours of operation and our COVID-19 Resource Page. I hope you continue to stay safe and healthy, and we will do the same at American Bank.

Thank you.

Rob Marwick
CEO
